Dry - The drought—or the Tap Out, as everyone calls it—has been going on for a while now. Everyone’s life has become an endless list of don’ts: don’t water the lawn, don’t fill up your pool, don’t take long showers. Until the taps run dry. Suddenly, Alyssa’s quiet suburban street spirals into a warzone of desperation; neighbors and families turning against one another on the hunt for water. When her parents don’t return, and she and her brother are threatened, Alyssa has to make impossible choices if she is going to survive. *NCHC Disclaimer: The themes and situations in this book are recommended for readers over age 12 and may not be suitable for readers under age 12.*
